

# PLUS™

*A BACKING SYSTEM*

## ENHANCE YOUR INVESTMENT WITH PLUS™ BACKING FROM SHAW

*IDEAL FOR THE MANUFACTURED HOUSING INDUSTRY*

### **PERFORMANCE:**

Designed for manufactured housing industry with widths of 13' 7" and 15' 3" and a range of popular styles and colors. Less stiff and more flexible than standard carpet. PLUS™ outperforms traditional rebond pad and provides a comfortable, cost-effective and durable carpet.

### **LABOR:**

Cuts install time by 50%. Because it's 40% lighter than traditional carpet with rebond, it can be installed by a single person with little or no experience. No scuffing means no touch-up labor. No staples for easy removal.

### **URETHANE:**

Attached urethane cushion is similar to a 6 lb. rebond pad but resists moisture, mold and mildew. Safe for people and the environment, with minimal waste. This product can be used with most household cleaners.

### **SYSTEM:**

Simple to install makes this product ideal for DIY. No stretching, seaming, tape or tack strip required. No fillers for a very pliable install. All that is needed is adhesive, a cutting tool and carpet tuck tool.
